Treasurer's report 2014-15

BSRLM is strong financially at present and we have therefore felt able to commission the building of a new website which is almost ready to be launched. This website will have the facility for members to update their own contact details etc, allowing us to keep up to date with members' details.

There are still a number of members who have not changed their standing order so that it is paid into the Co-operative Account. Ideally we would like to close the Nat West account and urge members whose SOs are paid into the Nat West to change them so that they are paid into the Co-op account. The Nat West account is an old one and it is not so straightforward to access the money in the account. It will be seen that I have managed to transfer most of the money into the Co-operative Account so that BSRLM can actually use this money but it would make handling income much easier to close the Nat West account altogether.

As can be seen many more payments are now coming through electronically. Pay Pal charges a little over 4 % for each transaction. In terms of the conference fees this charge could be seen as payment for support with administration. However, for membership fees we would like members to consider that the Standing Orders are a better value method since there are no charges associated with these. The Pay Pal membership income of £3444.42 would have been £3590 had those members paid by Standing Order, ie an extra £145.58.

This year a donation was made to the Leone Burton fund which makes this a very healthy fund at present.

The executive committee have discussed whether, in view of the work which they undertake on behalf of and for BSRLM, conference fees should be waived and travel costs paid for them. Certain of the executive members need to attend in order for the conferences to run smoothly and hence it would seem fair they not be charged to attend. The organisation is in a

strong enough position financially to afford this and it may also encourage members to put their names forward for roles on the committee.

Please now find the accounts set down for Oct 2014-Oct 2015. The work on these accounts has been checked by Janet Ainley.

Co-operative Community Direct Plus account

Most BSRLM business is conducted through the Co-operative Community Direct Plus account which acts as the main current account. The Leonie Burton Fund was set up to subsidise delegates to the annual Early Researchers conference and this sits in the Community Direct Plus account.

Nat West accounts

There are two accounts with the Nat West bank. The current account is empty. The business reserve account collects the standing orders of members who have not yet transferred their SOs to the Co-operative bank. The funds in the Nat West account are difficult to access, requiring a letter to the bank and a waiting period so ideally this account would be closed down and the finds transferred to the Co-operative account.
