Special Collaboration:

In 2025, the organisers collaborated with the Freudenthal Institute to co-host a Friday event, the *BSRLM & Freudenthal Institute Conference*, held immediately before the Autumn Day Conference at UEA, Norwich. This joint event fostered international exchange and strengthened the research dialogue between UK and Dutch mathematics education communities.

Activities:

Following from previous years, the conference organisers, with the support of the exec board, are continuing to:

- I Keep the agreed 'pattern' for future conferences: 1 online each year (typically Spring) and 2 face-to-face;
- I Have a Friday day conference (Summer conference) and a Saturday New Researchers' Day;
- I Set suggested future conference dates (trying to ensure the next two/three dates, when possible, are on the website);
- I Explore dates and venues for future venues: the securing of venues continues to need support from membership to ensure conferences are affordable and value for money, especially when travel is involved.

Future conferences:

- I **Autumn 2026:** BCME 10 (British Congress in Mathematics Education) Conference on

British Society for
Research into
Learning Mathematics

October 23-24 (Fri/Sat) - there will not be a separate BSRLM Autumn conference.
BSRLM members are invited to contribute to BCME
